

Roxbury Planning Commission Minutes
July 23rd @ 6:30pm
Roxbury Town Office

Meeting Called to Order @ 6:35 pm

Present: Elizabeth Carney, Mike French, Kate Jackson

Minutes Approved 3,0,0

Final Survey has been submitted to the Central Vermont Regional Planning Commission.

To do for the board this next week:

Obtain the original Town Plan word document from Regional Planning Commission or Town Office to begin editing and adding to it.

Find out what Roxbury's local hazard mitigation plan is and figure out how to include it to the new Town Plan.

Share our drafts, before the next meeting to keep each other going with our areas of deficiencies.

Discussion was had around sub-committees to avoid areas of deficiency.

Example:
Energy Planning Commission
Trail Maintenance Committee

A Capital Improvement Plan to go with the town fund would go along way. We will have more information on what the town desires after the survey results are reviewed.

Enhanced energy planning that meets the standards of Act 174 of 2016 should be included in future plan updates.

Compliance with Forrest Integrity will be required.

Connecting the local hazard mitigation with the Town Plan is a statutory requirement.

Meeting Adjourned at 7pm.

Next meeting is August 7th at 6:30pm.
